3DWEBSOFT INC. FOUNDATION

SCHOOL FUTURE TECH PROGRAMM

Faculty Name :

Course Duration	: 5 Months (150 Days)
Classes	: Offline & Online
Daily Teaching	: 3 Hours
Total Hours	: 300 Hours

3DWEBSOFT FOUNDATION

LEVEL 1 – JUNIOR INNOVATORS (5th–6th Standard)

MODULE 1 – COMPUTER BASICS (Classes 1–20)

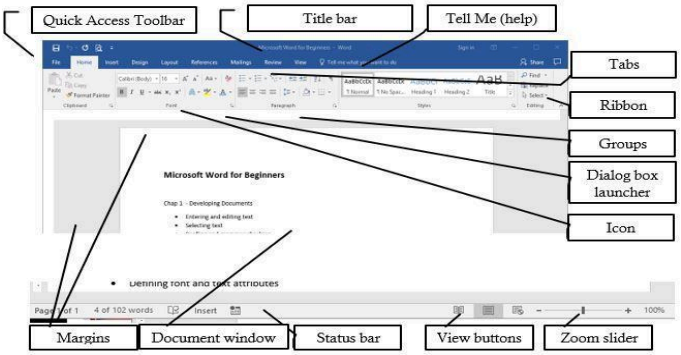

Class 15 — Introduction to Microsoft Word (MS Word) (Complete Notes)

Complete Theory & Practical Notes

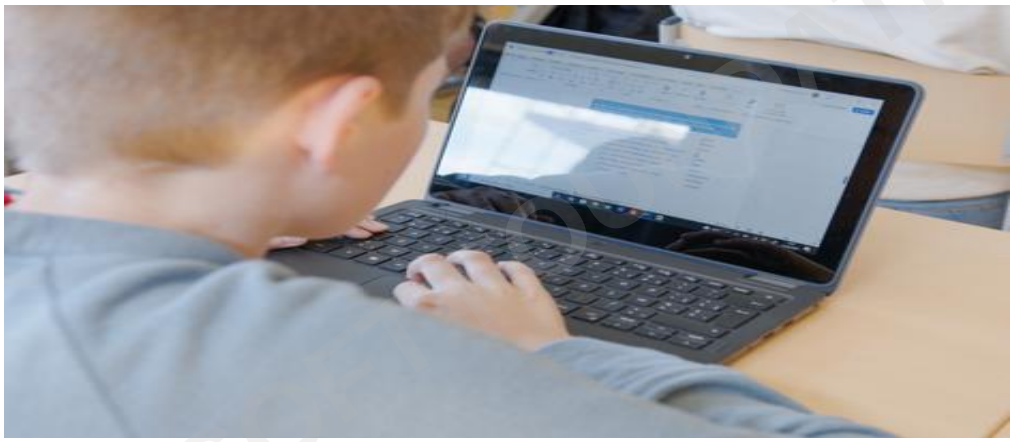

Learning Objectives

By the end of this class, students will be able to:-

- Understand what Microsoft Word is.
- Open and close MS Word.
- Identify the parts of the MS Word window.
- Type simple words and sentences.
- Save, open, and close Word documents.
- Create a simple document.
- Build logical thinking with a beginner Scratch coding activity.

Quiz & Homework

What is Microsoft Word?

Microsoft Word (MS Word) is a **word processing software** used to create, edit, format, and print documents.

It helps us write:

- Letters
- School Assignments
- Reports
- Invitations
- Notices
- Stories

Simple Definition

> **Microsoft Word is a software application used to create, edit, and save text documents.**

Uses of MS Word

Students can use MS Word to:-

- Type homework
- Write essays
- Create greeting cards
- Prepare project reports
- Design certificates
- Make simple tables
- Print documents

How to Open MS Word

Method 1

1. Click the **Start** button.
2. Type **Word**.

3D WEBSOFT FOUNDATION

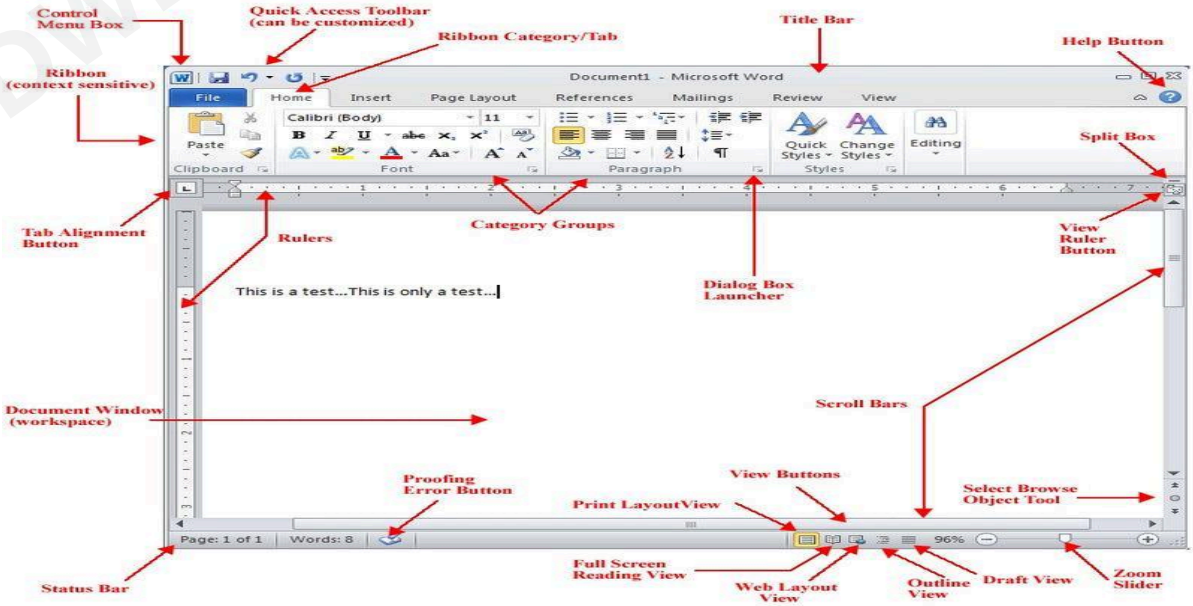

3. Click **Microsoft Word**.

Method 2

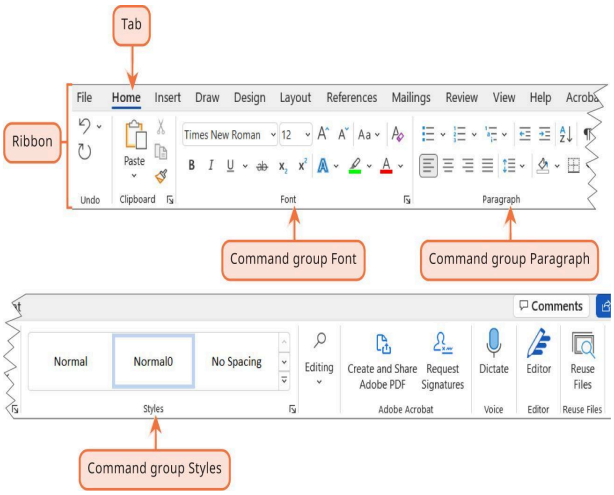

1. Press the **Windows** key.
2. Search for **Microsoft Word**.
3. Press **Enter**.

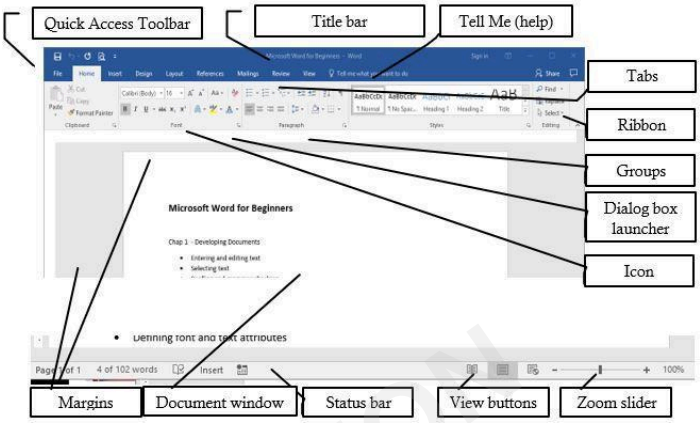

Parts of the MS Word Window

Part	Function
Title Bar	Displays the document name
Quick Access Toolbar	Save, Undo, Redo
Ribbon	Contains commands and tools
Tabs	Home, Insert, Design, Layout, etc.
Document Area	Area where we type
Scroll Bar	Move up and down the page
Status Bar	Shows page number and word count
Zoom Slider	Zoom in and out

3DWEBSOFT FOUNDATION

Common Tabs in MS Word

Home Tab

Used for:

- Font
- Font Size
- Bold
- Italic
- Underline
- Text Color
- Alignment

Insert Tab

Used to insert:

- Pictures
- Shapes
- Tables
- WordArt
- Symbols

3D WEBSOFT FOUNDATION

Design Tab

Used to change:

- Themes
- Colors
- Page styles

Layout Tab

Used for:

- Margins
- Page Orientation
- Page Size

View Tab

Used to:

- Zoom in/out
- Change document view

Practical Activity 1 – Open MS Word

Students will:

- Open Microsoft Word.
- Identify the Ribbon.
- Find the Home Tab.
- Locate the Save button.
- Locate the Zoom slider.

Practical Activity 2 – Type Your Introduction

Students type the following:

My Name is _____.

I study in Class _____.

My School Name is _____.

3D WEBSOFT FOUNDATION

My Favorite Subject is _____.

I love learning about computers.

Practical Activity 3 – Format the Text

Students will:

- Change the font to **Arial**.
- Set font size to **18**.
- Make the title **Bold**.
- Change the title color to **Blue**.
- Center-align the title.

Practical Activity 4 – Insert Shapes

Students will:

- Insert a **Star**.
- Insert a **Heart**.
- Insert a **Rectangle**.
- Color each shape differently.

Practical Activity 5 – Save the Document

Steps:

1. Click **File**.
2. Select **Save As**.
3. Choose the **Documents** folder.
4. ***Enter the file name:***

MyIntroduction.docx

5. Click **Save**.

3DWEBSOFT FOUNDATION

Practical Activity 6 – Open the Saved File

Students will:

- Open the saved document.
- Read the contents.
- Close the document.

Beginner Coding Activity (Scratch)

Today's coding activity connects typing with programming.

Objective

Display a welcome message using Scratch.

Steps

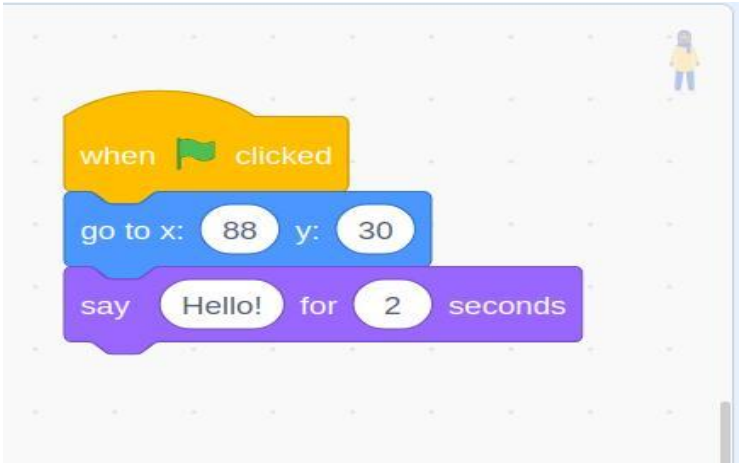

1. Open **Scratch**.
2. Keep the Cat sprite.
3. Add the following blocks:

When Green Flag Clicked
Say "Welcome to MS Word Class!" for 3 seconds
Wait 1 second
Say "I can type my documents." for 3 seconds

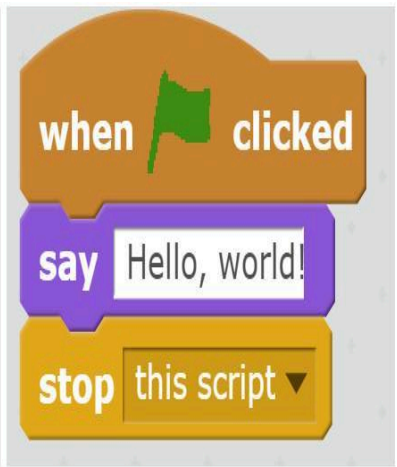

Challenge

Add another message:-

I am becoming a Junior Innovator!

3DWEBSOFT FOUNDATION

Mini Project – My First Word Document

Students will create a document with:

- **Title:** About Me
- Their name
- Class
- School
- Favorite hobby
- Favorite food
- One inserted picture (if available)
- One shape
- Colored title

Save the file as:

AboutMe.docx

Classroom Activity – Typing Relay

1. Divide students into small groups.
2. Each student types one sentence.
3. The next student continues the document.
4. At the end, the class reads the completed document together.

Quiz:-

Fill in the Blanks

1. MS Word is a _____ processing software.
2. The _____ Tab contains Bold and Font tools.
3. We type inside the _____ Area.
4. We save a document using the _____ button.
5. MS Word files are usually saved with the extension _____.

Answers

1. Word
2. Home
3. Document

3DWEBSOFT FOUNDATION

4. Save
5. .docx

Think and Answer

1. What is Microsoft Word?
2. Name any four uses of MS Word.
3. Which tab contains the Font tools?
4. How do you save a Word document?
5. What is the default file extension of an MS Word document?

Homework

1. Open MS Word and type **10 sentences about your family**.
2. Make the heading **Bold**, **Blue**, and **Center Aligned**.
3. Insert one shape below the text.
4. Save the document as **MyFamily.docx**.

Learning Outcomes

After completing this lesson, students will be able to:-

- Open and navigate Microsoft Word confidently.
- Identify the main parts of the MS Word interface.
- Type, edit, and format simple documents.
- Insert shapes and basic objects into a document.
- Save, open, and manage Word files.
- Understand simple event sequencing through a beginner Scratch coding activity.
- Build digital literacy and confidence in creating professional-looking documents.
