Session Plan

Time	Topic
20 Minutes	Introduction to Text Formatting
40 Minutes	Font and Paragraph Formatting
15 Minutes	Break
45 Minutes	Practical Activities
40 Minutes	Scratch Coding Activity
20 Minutes	Quiz & Homework

Introduction

When we type in Microsoft Word, the text looks plain. **Text Formatting** helps us make the document attractive, easy to read, and well-organized.

Simple Definition

Text Formatting means changing the appearance of text to make it more attractive and readable.

Why Do We Format Text?

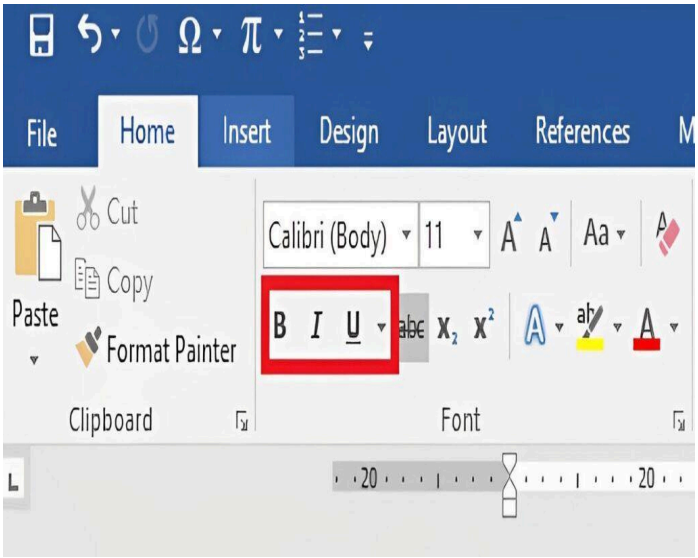

Formatting helps us:

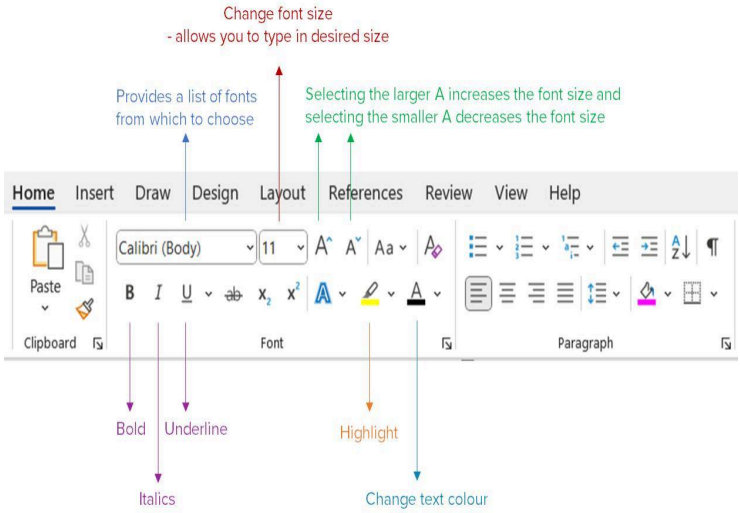

- Make headings attractive
- Highlight important words
- Improve readability
- Create neat school projects
- Design invitations and posters

Font Formatting Tools

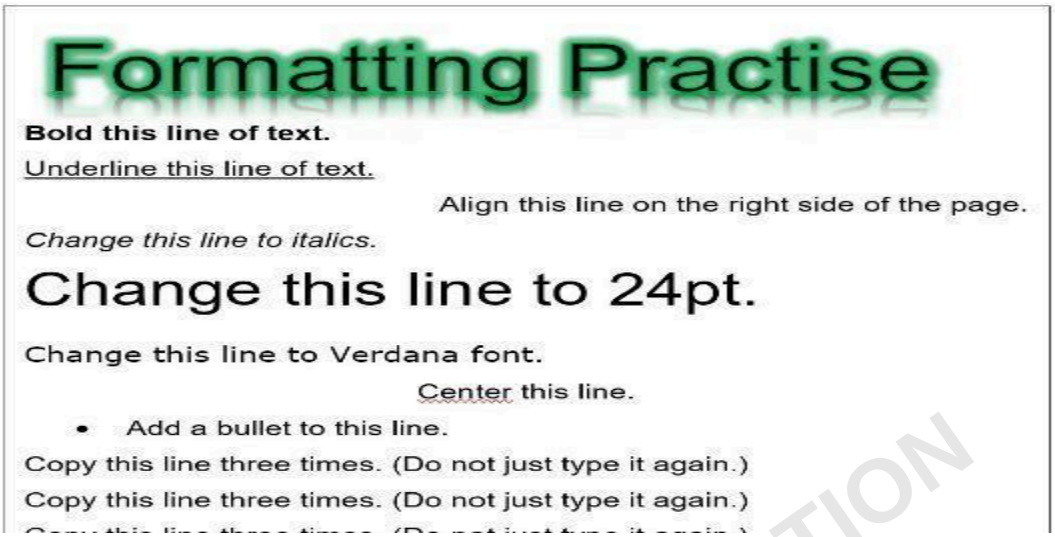

Tool	Purpose
Font	Changes the style of letters
Font Size	Changes the size of text
Bold (B)	Makes text darker and thicker
Italic (I)	Slants the text
Underline (U)	Draws a line below the text
Font Color	Changes text color
Highlight	Adds background color to text
