3D WEBSOFT INC. FOUNDATION

FUTURE TECH SCHOOL PROGRAM

Faculty Name :

Course Duration : 5 Months

Classes : Offline & Online

Daily Teaching : 2 Hours

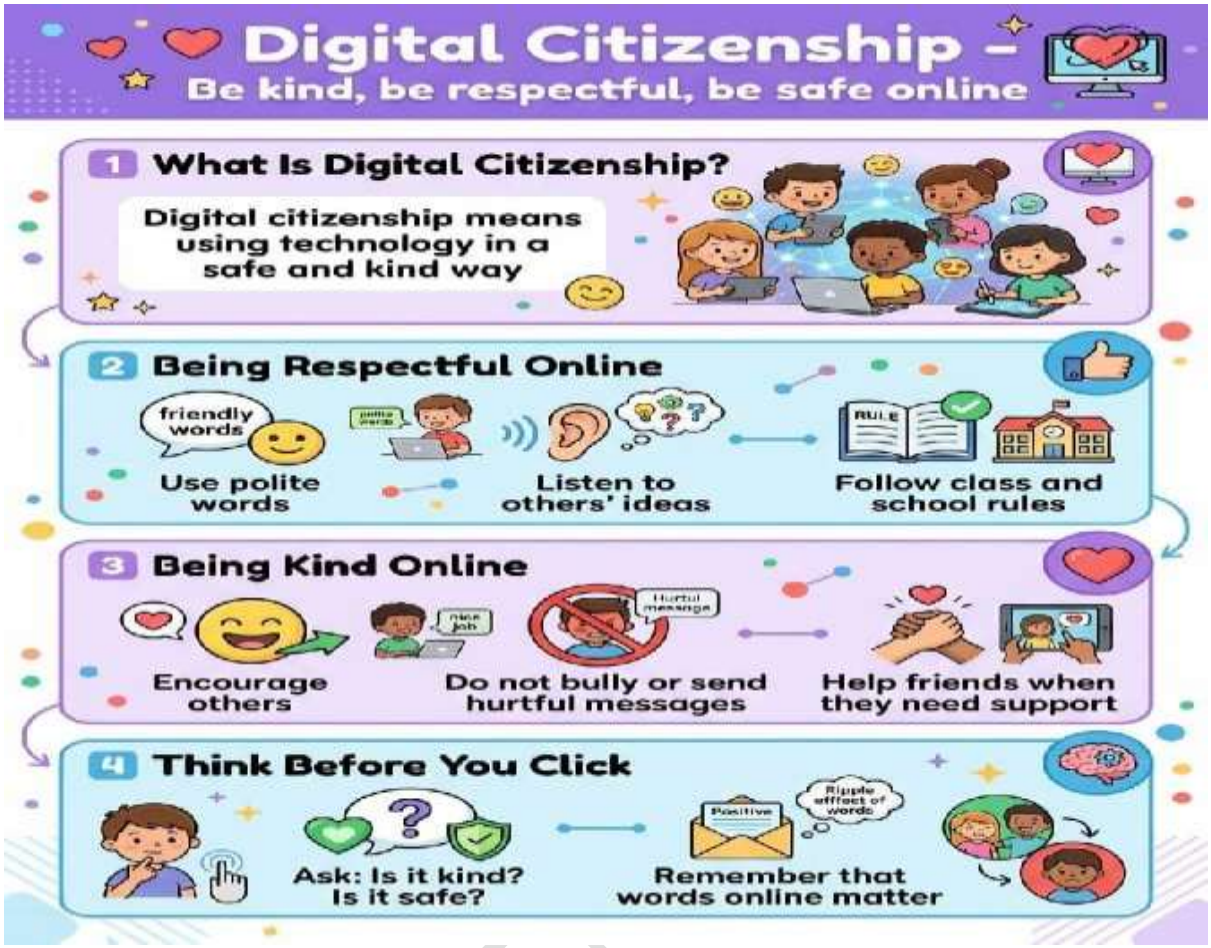

Total Classes : 100

Level 2 – Young Technologist (7th–8th Standard)

Class 9: Digital Citizenship

3D WEBSOFT INC. FOUNDATION

3DWEBSOFT

Learning Objectives

By the end of this lesson, students will be able to:

- Understand the meaning of **Digital Citizenship**.
- Learn how to use technology safely, responsibly, and respectfully.
- Practice good online behavior (Netiquette).
- Protect personal information online.
- Recognize cyberbullying and know how to respond.
- Become responsible digital citizens.

Introduction

Today, students use computers, smartphones, tablets, and the Internet every day.

Technology helps us:

- 📚 Learn new subjects
- 💬 Communicate with teachers and friends
- 🎥 Watch educational videos
- 💻 Practice coding
- 🤖 Learn Artificial Intelligence

Using technology wisely is called **Digital Citizenship**.

What is Digital Citizenship?

A **Digital Citizen** is a person who uses technology and the Internet **safely, responsibly, respectfully, and ethically**.

Simple Definition

Digital Citizenship means **being a good, kind, and responsible person when using computers and the Internet.**

Why is Digital Citizenship Important?

3DWEBSOFT FOUNDATION

Be Kind

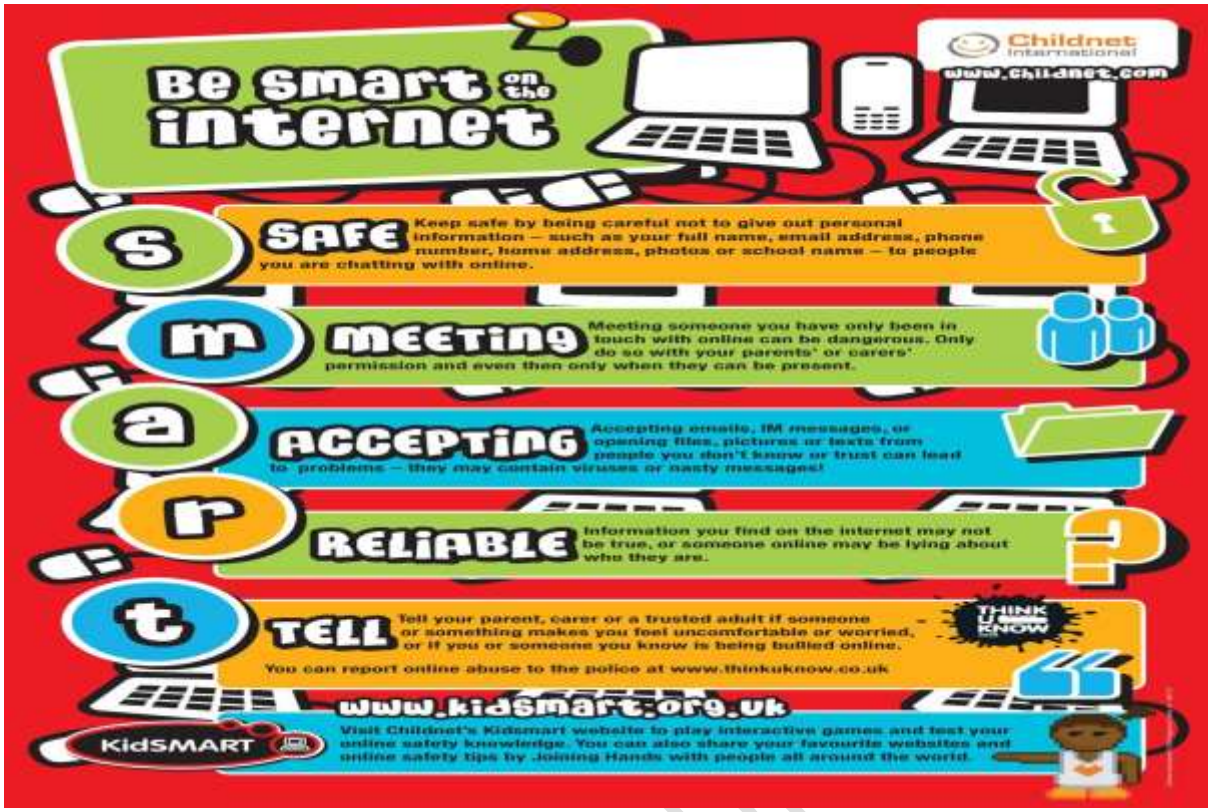

Show Respect When Communicating Online

Ministry of Education
SINGAPORE

CYBER WELLNESS

©2021 Student Development Curriculum Division, Ministry of Education

It helps us:

- Stay safe online.
- Protect our personal information.
- Respect others.
- Avoid online scams.
- Use technology for learning.
- Build a positive digital reputation.

3DWEBSOFT FOU

The Nine Elements of Digital Citizenship (Student Version)

Element	**Meaning**
Digital Access	Using technology fairly and responsibly

Element	Meaning
Digital Communication	Communicating politely online
Digital Literacy	Learning how to use technology effectively
Digital Etiquette	Showing good manners online
Digital Law	Following rules and respecting copyright
Digital Rights & Responsibilities	Knowing your rights and responsibilities online
Digital Health & Wellness	Using technology in a healthy way
Digital Security	Protecting devices and accounts
Digital Commerce	Shopping safely online (with adult guidance)

What is Digital Etiquette (Netiquette)?

A Student's Guide to
Online Classroom Etiquette

Work Space

Choose a workspace that is suitable for the online classroom.

Be aware of what others will see in the background.

Shhh...

Mute your mic when you are not talking or typing. Only turn it on if you are asked to speak.

No Photos

Do not take screenshots or photos of others online

Be on time

Turn up – the class is to help you and your learning. Be on time for your online classes

School Rules

School rules apply in the online classroom. Think before you type. Keep focused on the task assigned.

Speak up & ask for help

Contact teachers during school hours or make an agreement about contact times

Respect

Respect everyone's views online

Presentation

Enjoy it!

Enjoy this new way of learning. It is new to a lot of people and it may take time to adapt.

Stay safe, Stay healthy

Netiquette means good manners while using the Internet.

Good Digital Manners

- Be polite and respectful.
- Use kind words.
- Think before posting.
- Respect different opinions.
- Do not spread rumors.
- Do not use offensive language.
- Ask permission before sharing someone else's photo.

Protecting Personal Information

Personal information includes:

- Full name
- Home address
- Phone number
- School details
- Passwords
- Bank information
- Photos
- Email address

Never Share These Online

- Passwords
- OTPs (One-Time Passwords)
- Home address

3DWEBSOFT FOUNDATION

- Bank details
- Personal identity documents

Strong Passwords

Safe Data
Safe Families

Creating Strong Passwords

Strong passwords keep the data you share online safer. Follow these tips to keep your online accounts secure.

Consider using a password manager like LastPass, 1Password, or KeePass to track all your passwords.

Avoid passwords that could be easily guessed like a family member or pet's name.

Don't reuse the same password on multiple accounts.

Avoid common passwords like those listed below.

Most Common Passwords in 2020	
123456	1111111
123456789	12345678
qwerty	abc123
password	1234567

For more information, visit https://safedata.umd.edu

3DWEBSOFT FOUNDA

A strong password should:

- Have at least **8–12 characters**
- Include uppercase and lowercase letters
- Include numbers
- Include special characters (such as @, #, !)

Example

✅ Tech@2026

❌ 123456

❌ password

Tips

- Do not share your password.
- Change passwords regularly.
- Use a different password for different accounts.

What is Cyberbullying?

Cyberbullying is bullying someone using the Internet or digital devices.

Examples

- Sending hurtful messages
- Spreading rumors
- Posting embarrassing photos
- Creating fake accounts
- Threatening someone online

How to Stop Cyberbullying

If someone bullies you online:

1. Do not reply with angry messages.
2. Save evidence (screenshots).
3. Block the person.
4. Tell your parents or teacher.
5. Report the account if necessary.

Remember: **Kindness makes the Internet a better place for everyone.**

3DWEBSOFT FOUNDATION

Responsible Use of Social Media

Use social media wisely.

Good Practices

- Share positive content.
- Think before posting.
- Respect others' privacy.

- Use privacy settings.
- Accept friend requests only from people you know.
- Limit screen time.

Digital Rights and Responsibilities

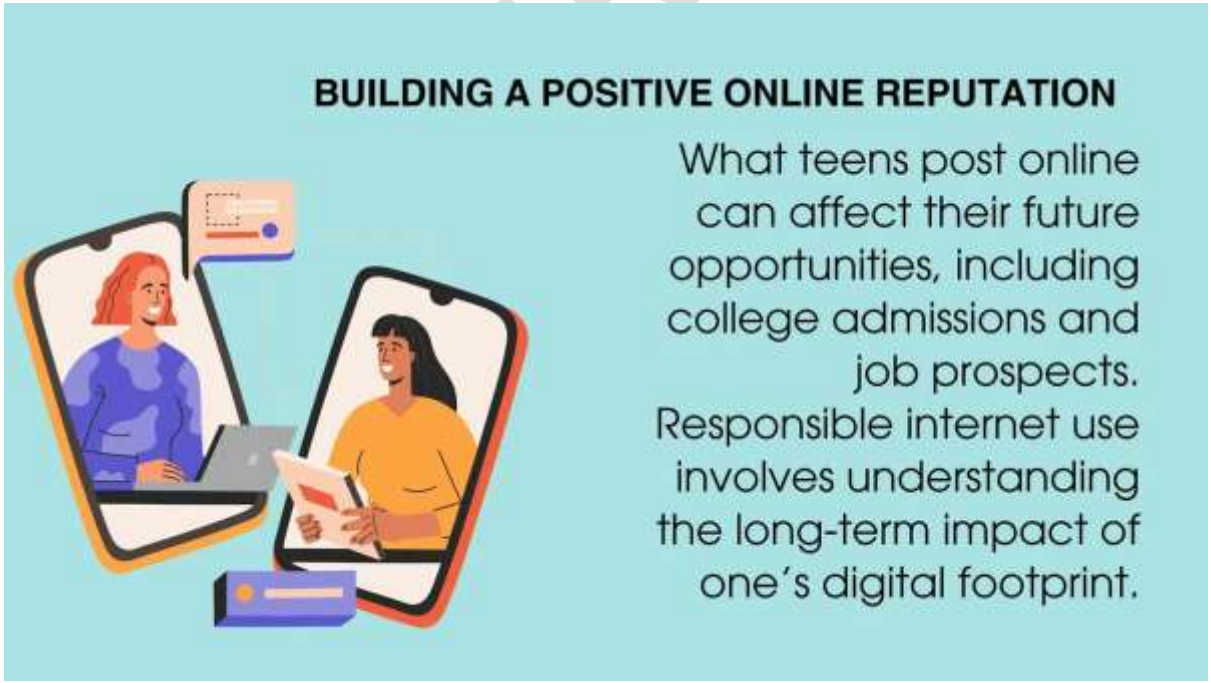

Rights	**Responsibilities**
Access information	Use information responsibly
Learn online	Respect teachers and classmates
Express opinions politely	Use kind and respectful language
Protect your privacy	Protect others' privacy

T FOUNDATION

Digital Footprint

A **Digital Footprint** is the record of what you do online.

Examples:

- Websites you visit
- Photos you upload
- Comments you post
- Videos you watch
- Emails you send

Important Tip

Before posting online, ask yourself:

- Is it true?
- Is it kind?
- Is it safe?
- Would I be happy if everyone saw it?

Digital Health and Wellness

Technology is useful, but balance is important.

Healthy Habits

- Take a break every 30–40 minutes.
- Sit with good posture.
- Keep the screen at eye level.
- Exercise regularly.
- Spend time outdoors.
- Sleep well.
- Avoid using devices late at night.

3DWEBSOFT FOUNDATION

Characteristics of a Good Digital Citizen

A good digital citizen:

- Is honest
- Is respectful
- Protects personal information
- Uses technology responsibly
- Follows rules
- Helps others online
- Reports unsafe behavior
- Learns continuously

3DWEBSOFT FOUNDATION

Practical Activities

Practical Activity 1 – Safe or Unsafe?

Read each situation and decide whether it is **Safe** or **Unsafe**.

Situation	Answer
Sharing your password	❌ Unsafe
Using kind language online	✅ Safe
Downloading from trusted websites	✅ Safe
Sharing your home address publicly	❌ Unsafe
Reporting cyberbullying	✅ Safe

Practical Activity 2 – Create a Strong Password

Create three strong passwords using:

- Letters
- Numbers
- Special characters

Example:

- School@2026
- Learn#789
- Python!123

Practical Activity 3 – Good Digital Citizen Poster

Design a poster with the title:

"Be a Responsible Digital Citizen"

Include:

- Stay Safe Online
- Be Respectful
- Protect Your Password
- Think Before You Click
- Be Kind to Everyone

Practical Activity 4 – Group Discussion

Discuss the following questions:

1. Why should we never share passwords?

3DWEBSOFT FOUNDATION

2. What should you do if someone sends an unkind message online?
3. How can you protect your personal information?
4. What makes someone a good digital citizen?

Classroom Activity

Match the Following

Situation	Correct Action
Unknown email link	Do not click
Cyberbullying	Report it
Strong password	Keep it private
Personal information	Do not share
Online discussion	Be respectful

3DWEBSOFT FOUNDATION

Home Assignment

3DWEBSOFT FOUNDATION

1. Write the definition of **Digital Citizenship**.
2. List **10 qualities of a good digital citizen**.
3. Create a colorful poster titled **"Internet Safety Rules"**.
4. Write **five examples of personal information** that should never be shared online.
5. Write **five ways to prevent cyberbullying**.

Lesson Summary

Today we learned:

- The meaning of Digital Citizenship.
- The importance of safe and responsible technology use.
- The nine elements of Digital Citizenship.
- Online etiquette (Netiquette).
- Protecting personal information.
- Creating strong passwords.
- Understanding cyberbullying and how to respond.
- Digital footprints and online reputation.
- Healthy technology habits.
- Practical activities to build responsible digital behavior.

Learning Outcomes

By the end of this lesson, students will be able to:

- Define Digital Citizenship.
- Demonstrate respectful online behavior.

3DWEBSOFT FOUNDATION

- Protect their personal information.
- Create and manage strong passwords.
- Recognize and respond appropriately to cyberbullying.
- Explain what a digital footprint is and why it matters.
- Practice safe, responsible, and ethical use of technology in daily life.
